In Attendance:

NRC John Ballinger

The meeting commenced at 6.30pm

Apologies:

Drystock Farming	Denis Anderson
Dairy Farming	Royce Kokich
Horticulture	Chris Frost
DairyNZ	Helen Moodie
Non-dairy Farming Representative	Rob Pye
Te Rūnanga Ā Iwi O Ngāpuhi	Tania Pene
Te Uriroroi	Hona Edwards
Te Parawhau	Finnisha Turiwai-Birchall
Mark Dudley	
Alan Clarkson	

1. Riparian planting this August

Identify planting sites. A catchment map with landowner names aided the process of finding potential planting sites. Dennis Anderson's farm was chosen for a planting day on 6th August 2018.

2. School nurseries

Jacqueline Knight has undertaken the school nursery assessments and invoices from the schools will be submitted shortly.

3. Signage

To be developed later this year.

4. New group members

Not actively recruiting at present.

Actions:

1. Whole group to network and send suggested planting site ideas to John in the next week. Looking for high profile sites that are already fenced on Kara Road and/or lifestyle blocks and/or sheep and beef farmers.
2. John/Susan to investigate design of a sign combing all collabotrators e.g. Mangere Catchment Group, NRC, EnviroSchools.

Conclusion

The meeting concluded at 20.30
