04 August 2023

To Whom it May Concern

On behalf of Te Runanga o NgaiTakoto, I am writing to formally propose Wallace Rivers as a suitably qualified candidate for the position as Chairperson for the Te Oneroa-a-Tohe Beach Board.

Wallace is one of a small group of leaders to create the Te Oneroa-a-Tohe Beach Board; the legislative mechanism protecting our most revered natural taonga. Wallace is currently the residing representative on the Beach Board for the Iwi of NgaiTakoto. He brings a wealth of historical knowledge, legislative awareness, and unwavering commitment in fostering environmental sustainability of Te Oneroa-a-Tohe, our place for recreation, sustenance, and spiritual journeys.

As a Chairperson, Wallace is great at facilitating groups and supporting an informed decision-making process. He has positive working relationships with the iwi Chairs locally, regionally, and nationally and respected at both Government and local government levels. Wallace is not one to push himself forward when he thinks there is another that could do the job just as well, and was happy to support the previous Chairperson (Haami Piripi), who did well to hold the line, stand when it was required to calm public opinion on the Beach and aim high for the rights and obligations of the Te Hiku Settlement to be fulfilled through the Treaty Partnerships. With Haami now vacating the role of Chairperson; we believe Wallace has the required attributes and skills to be the new incumbent Chairperson for Te Oneroa-a-Tohe.

From a strengths-based position, Wallace brings to the role:

1. The formal mandated role of being an Iwi appointed Chair and Co-Chair in Te Hiku
2. A commitment to all whanau of Te Hiku to primarily protect our natural resources and our spiritual pathway along Te-Oneroa-a-Tohe.
3. An advocate for sustainability
4. An honest broker upholding our Treaty Settlement rights.
5. Experienced in the design and evolution of the Beach Board and its duties.
6. The expertise to comprehend the intricacies of this multi-iwi, multi crown. arrangement
7. An individual capable of facilitating meaningful discussions and informed decision-making.

Te Runanga o NgaiTakoto believe appointing Wallace as Chairperson to this committee will be an initiative-taking move for the group. Wallace will continue to enhance the work of the former Chairperson. However, the urgency to progress forward is an intensity that Wallace will also bring into this position. Climate change mitigation/adaptation, plus environmental protection plus cultural rights and practises for whanau of Te Hiku are the big audacious goals. The urgency to act is imperative as our whanau, marae, hapu, and communities of Te Hiku expect this of us. Like previously stated, Wallace is a diligent leader who has the right attributed and skills to be the next new Chairperson for Te Oneroa-a-Tohe.

Nga mihi
Kaio Karipa

TITLE: Te Oneroa-a-Tōhe Administration Support

From: Kim Peita, Māori Relationships Manager

Authorised by Auriole Ruka, Pou Manawhakahaere - GM Governance and Engagement, on
Group Manager/s: 12 September 2023

Whakarāpopototanga / Executive summary

The purpose of this report is to update the Board on progress and discussions had by Northland Regional Council and Far North District Council staff regarding the administrative support that is currently being provided, and to respond to a request by Board to provide more localised and comprehensive resource.

As an interim proposal, council staff will continue to work together to set up an approach of supporting the board going forward for the next six months and continue to engage expertise to continue to scope priorities for the Board in regard to the implementation of the Beach Management Plan. This will include the work of the Board over the next six months and the re-establishment of the Technical Steering Group with iwi/hapu members to support and assist with the priorities of the Board.

As such the main recommendations is for Iwi Board members to identify and nominate an iwi technical member to support the re-establishment of the Technical Support Steering Group.

Ngā mahi tūtohutia / Recommendation

1. That the report 'Te Oneroa-a-Tōhe Administration Support' by Kim Peita, Māori Relationships Manager and dated 12 September 2023, be received.
2. That Iwi Board members nominate iwi technical members for the Technical Support Steering Group:

Ngātikuri _____
NgaiTakoto _____
Te Aupouri _____
Te Rarawa _____

Background/Tuhinga

At the Board meeting on 21 July 2023, it was raised that the administration support for the Board would be better to be located in Kaitaia. To support this discussion costings and a list of administrative duties related to the current administrative support were provided for discussion. At the workshop held on 28 August 2023 costings and list of the duties currently performed were provided.

TITLE: Speed limits signage

From: Kim Peita, Māori Relationships Manager

Authorised by Auriole Ruka, Pou Manawhakahaere - GM Governance and Engagement, on
Group Manager/s: 12 September 2023

Whakarāpopototanga / Executive summary

The purpose of this report is for the Board to endorse the speed limit signage concept produced by Richard Murray as commissioned by the iwi representative board members.

This is an alternative design to that proposed by Northland Transport Alliance (NTA) to ensure that the signage reflects the aspirations of the Board to educate communities that access the beach versus an enforcement statutory approach.

At a workshop held on 28 August 2023 board members received an update from Graeme Neho on behalf of Richard Murray.

It is recommended that the Board endorse the following:

- The speed limit signage design be formally approved by the Board.
- Subject to a fully scoped proposal, quotes are to be obtained for the erection of signage for Board approval at the next formal meeting.
- The Technical Steering Group work with NTA in relation to the wider speed limit review and the proposed signage.

Ngā mahi tūtohutia / Recommendation

1. That the report 'Speed limits signage' by Kim Peita, Māori Relationships Manager and dated 12 September 2023, be received.
2. That the speed limit signage design be formally approved by the Board.
3. That a fully scoped proposal be put to the Board at their next meeting for formal approval and, if approved, that quotes are to be obtained for the erection of signage.
4. That the Technical Steering Group work with NTA in relation to the wider speed limit review and the proposed signage.

Background/Tuhinga

At the Board meeting held on 28 April 2023, Northland Transportation Alliance (NTA) presented new speed limit signage designed to meet the legal requirements of the Setting of Speed Limits Rule 2022 and previous direction received from the Board for feedback and endorsement from the Board.

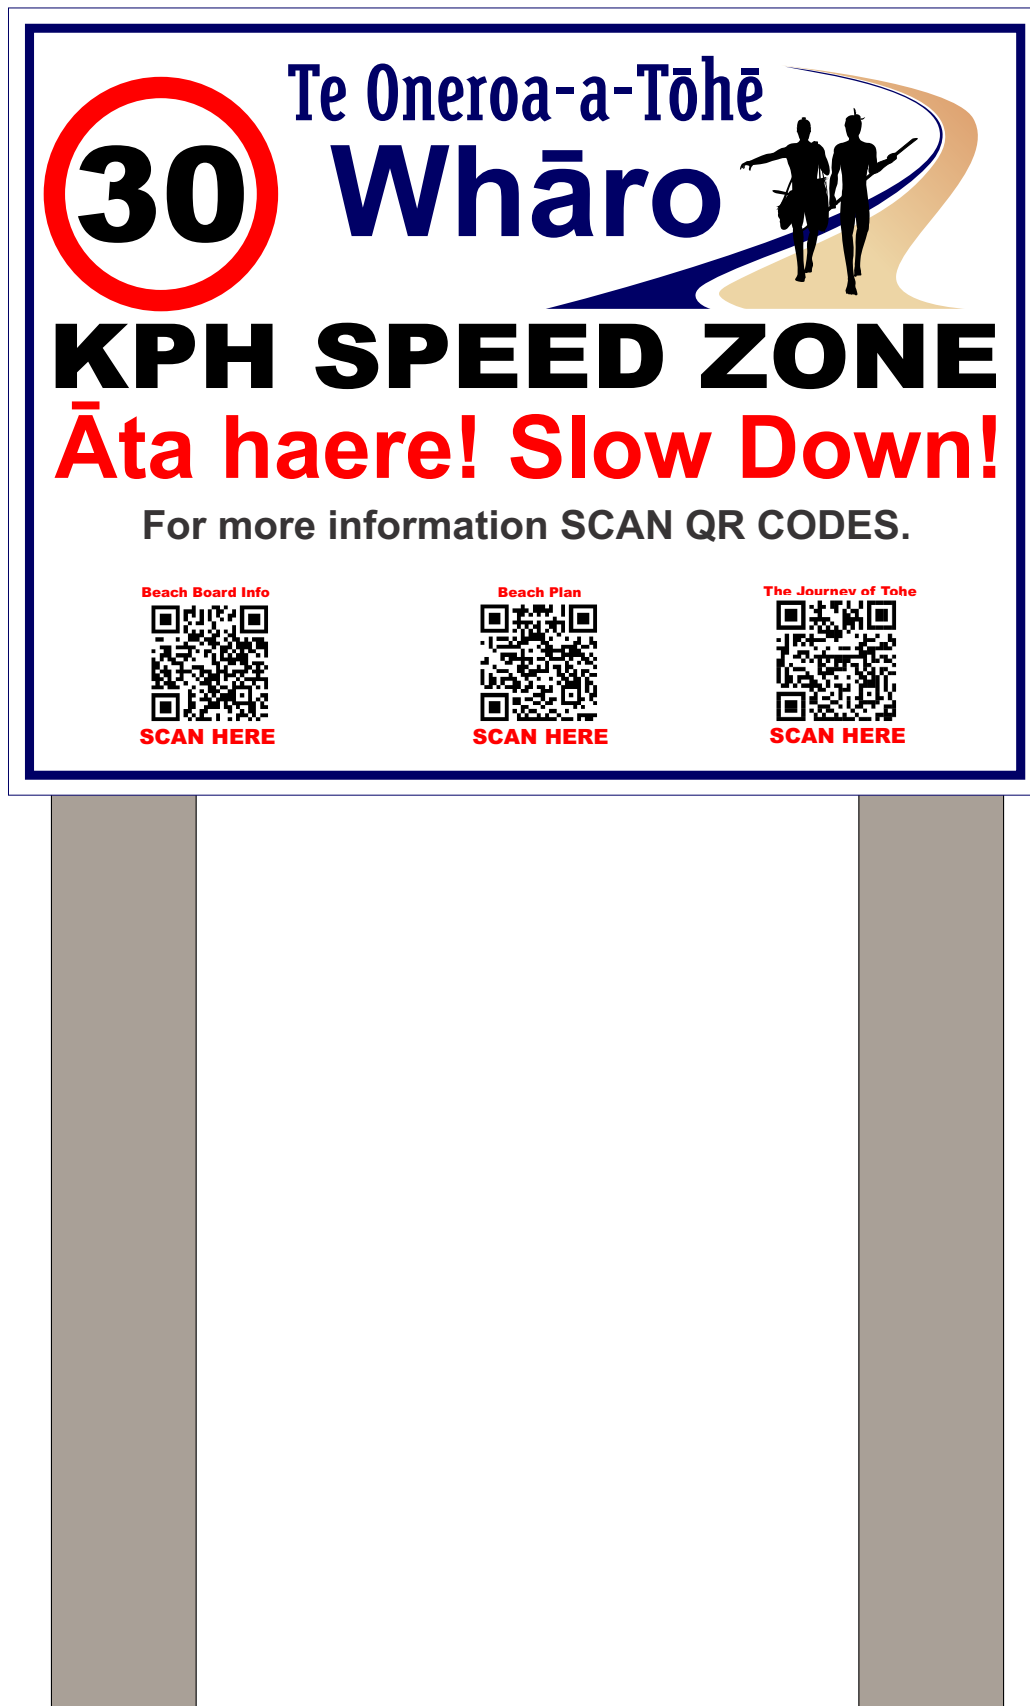

- Key considerations in the design included:
- Meeting legal requirements under the Setting of Speed Limits Rule 2022
- Consistency with the Te Oneroa-a-Tōhe Management Plan
- Ensuring that signage is bi-lingual

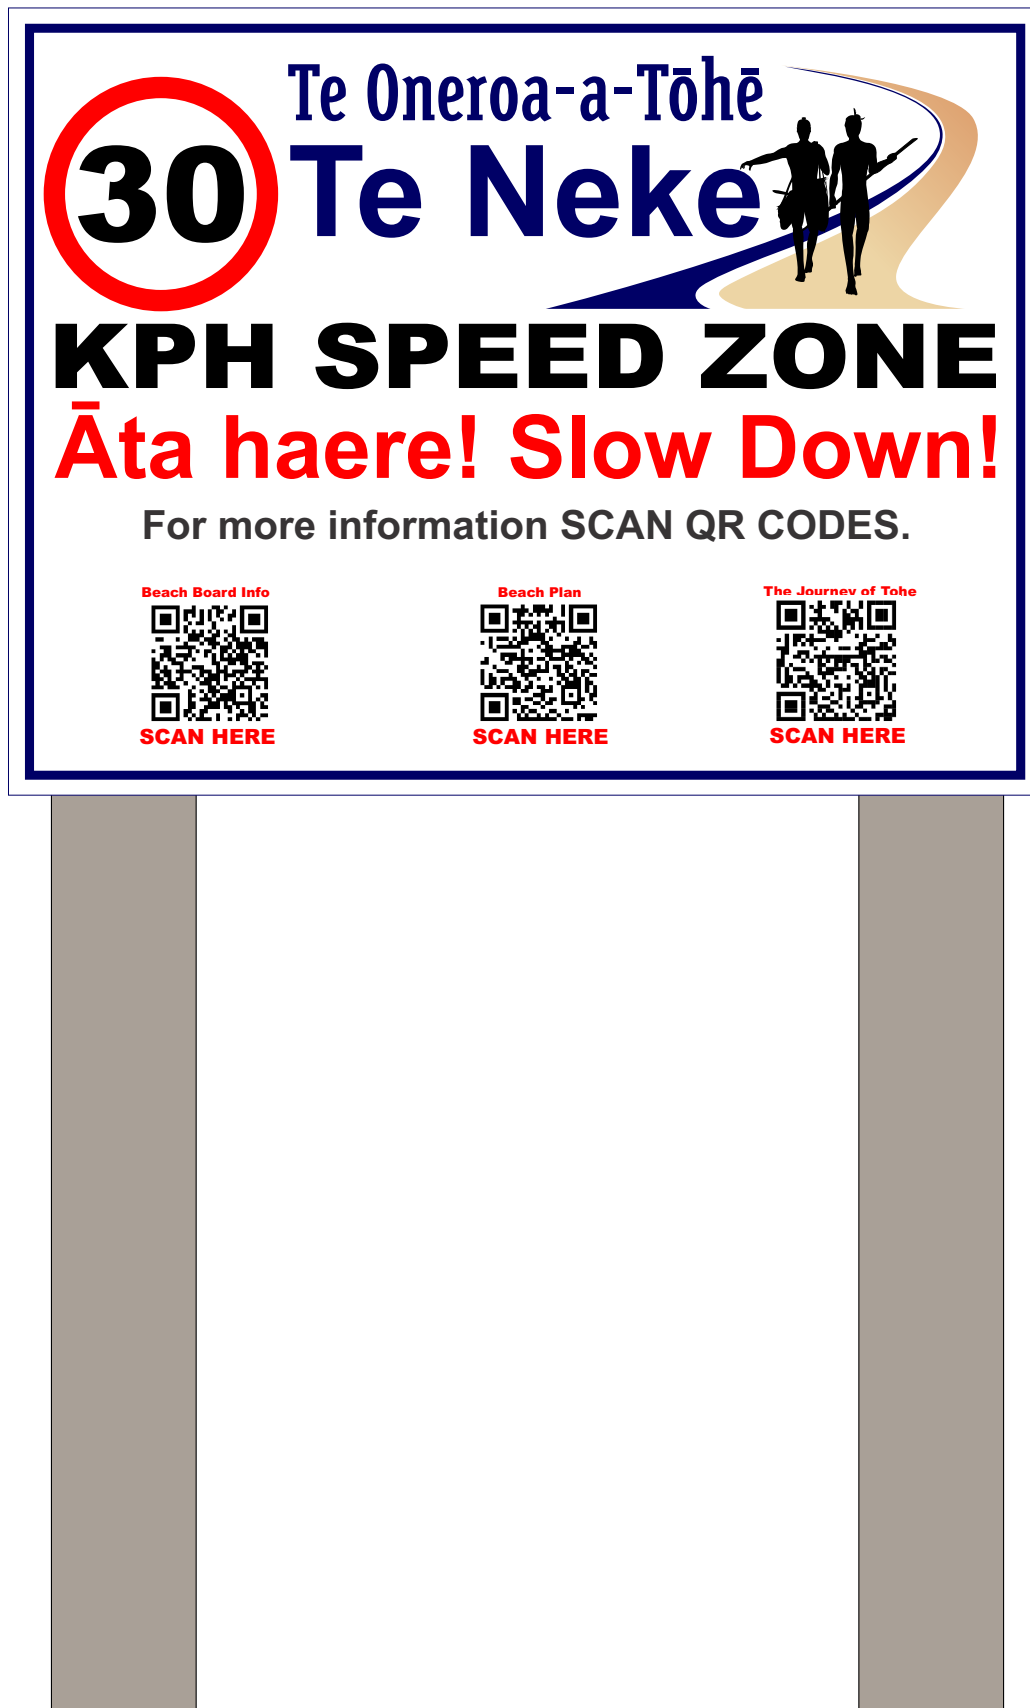

Ensuring the signage is understandable to all beach users, including overseas tourists who may not have English as a first language.

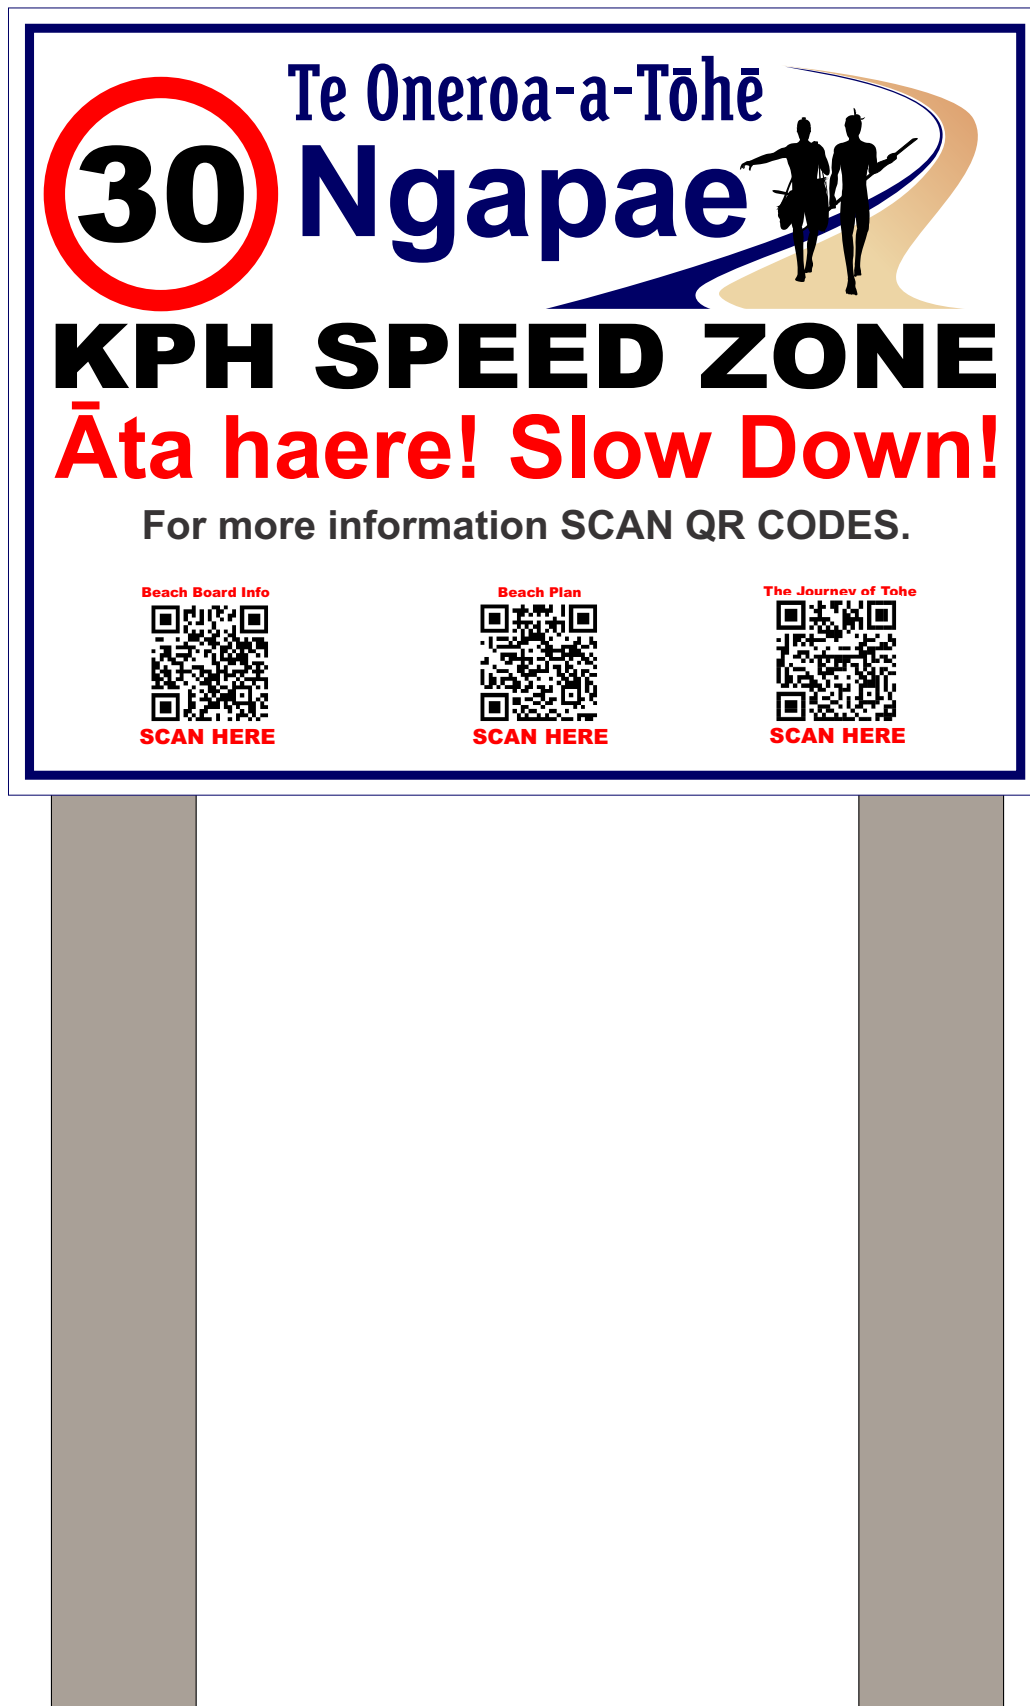

The Board noted that the signs needed to be visually engaging to the local people and include the Te Oneroa-a-Tōhe logo as this could lead to a more respectful response. Graeme Neho contacted the original logo designer, Richard Murray, and an alternative design was emailed out to the Board and presented at the May workshop. A further meeting was held with Shawn Baker (NTA) on 28 June 2023 where a number of issues were raised by the Board.

Authorised by Auriole Ruka, Pou Manawhakahaere - GM Governance and Engagement, on
Group Manager/s: 12 September 2023

Whakarāpopototanga / Executive summary

Daniel Radford, Trail Manager will provide an update to Te Oneroa-aTōhe Beach Board. Daniel will be joined by Te Araroa Northland Trust Chair Shane Knowler and Trustees Kerry Shanta, Mark Williams, and William Fuller.

This report will provide an update on the following matters:

- Current structure of Te Araroa Trust and how it has changed over the last two years.
- Te Araroa Trust has adopted a new regenerative strategy/philosophy.
 - How can the actions of the Trust and trail walkers lead to improvements in:
 - The environment – What can we do to protect the landscape and biodiversity along the trail.
 - Local economy- How do towns/communities the trail passes through benefit from the walkers.
 - Trail infrastructure- Actively invest in the maintenance of the trail, and the development of it in consultation with local knowledge.
 - Trail/social network- work towards creating a community with mana whenua, trail walkers, volunteers, partners where everyone is better off.
 - Health & Wellbeing – The mental, physical, and spiritual benefit of walking outside, and how we can help facilitate that.
 - What will this actually mean for how we work?
- Upcoming launch of Walker Registration System and our ability to collect more data and communicate better.
- Upcoming national signage project
- Discussion.

Ngā mahi tūtohutia / Recommendation

That the report 'Te Araroa Trail Update' by Kim Peita, Māori Relationships Manager and Auriole Ruka, Pou Manawhakahaere - GM Governance and Engagement and dated 1 September 2023, be received.
